## **Industrial Hygiene/Environmental Consulting Position**

DS Environmental is seeking qualified applicants to fulfill 2 full-time, industrial hygiene/environmental technician positions. Our team provides an array of industrial hygiene and environmental consulting services to a diverse range of clientele throughout Colorado and neighboring states. More information on DS Environmental can be found at [dsconsultinginc.com](http://dsconsultinginc.com)

Applicants with current, applicable State of Colorado certifications are preferred, but may be acquired later depending upon the individual applicant. Desired certifications include State of Colorado certified Asbestos Building Inspector (BI), Air Monitoring Specialist (AMS), Lead-Based Paint Inspector (LBP), Methamphetamine Consultant, and certifications/training in Mold, IAQ and Radon inspections and testing. Contaminated soil/groundwater remediation experience and any other related certifications or OSHA-required training are a plus. A general knowledge of construction and building systems is beneficial. Any experience providing training, health & safety, environmental site assessments, or construction/remediation oversight is also a plus.

### **Main Duties Include:**

- Performing job-walks and providing estimates and proposals to bid on projects
- Coordinating projects with other DS personnel using online calendar and cloud drive
- Building Inspections for Asbestos, Lead-based Paint, Mold, Radon, Methamphetamine, IAQ, etc.
- Air Sampling (Personal Air Monitoring, Post-remediation Final Air Clearances, Exposure Assessments)
- Data Interpretation, Quality Control, and Communication with Clients
- On-Site Sample Analyzation via PCM (Phase Contrast Microscopy)
- Record Keeping, Data Recording, Drafting, and Report Writing
- Travel throughout Colorado and neighboring states, with occasional overnight stays
- Soil remediation oversight, water and air sampling, IAQ Investigations and Assessments
- Lifting up to 40 lbs. of equipment, entering attics & crawlspaces, wearing a respirator & PPE

### **Minimum Qualification Requirements:**

- High School Diploma or GED
- Current Driver's License with a clean driving record
- Willing to travel (day travel mostly, overnights occasionally but seldom)
- Pass an annual health physical and respirator fit test
- Pass a pre-employment background check and drug-screen
- Punctual, meticulous, courteous, professional and reliable
- Excellent communication, writing, problem solving, and multi-tasking skills
- Computer proficiency with experience with MS Office and Adobe programs

**Applicant Preferred Qualifications:**

- College Course Work/Degree in a Related Field
- Current State of Colorado Asbestos Building Inspector
- Current State of Colorado Lead-Based Paint Inspector
- Current State of Colorado Air Monitoring Specialist
- Current State of Colorado Project Designer
- Current State of Colorado Methamphetamine Inspector
- Mold & Radon Experience
- NIOSH 582/582E PCM Sample Analysis
- 40-hour HAZWOPER with 8-hr Refresher
- OSHA 30-hr Construction Training
- Auto-Cad/Drafting Proficiency
- Experience Providing Training
- Experience with Health & Safety Oversight

**Full-time employee benefits include:**

- Competitive salary based upon experience, plus 1.5x overtime over 40 hrs.
- Profit sharing and 401K plan with 5% employer match
- Holidays, paid vacation, and personal/sick days
- Health, vision, and dental insurance stipend
- All training and certifications paid for
- Company vehicle and equipment (iPhone, laptop, field equipment, etc.)
- Periodic performance and merit-based bonuses
- Small-business environment with flexible schedule and non-corporate policies
- Tuition reimbursement for job-related instruction and courses
- Student-loan repayment program
